

OBJECT: SERVING YOU WELL, A PRIORITY (MEASURES REGARDING COVID-19)

Dear clients,

Concerned about the public health of its community, GROUPE PG has implemented preventive measures to counter the risks of COVID-19 spread. We therefore follow the recommendations preconized by governments in order to protect our clientele and our staff.

Following recent announcements, we have initiated a gradual return of our resources within our offices, while respecting the principles of social distancing as well as individual and collective hygiene measures.

In order to offer you the same usual service, our team members have developed with confidence and agility, ways to continue to support you in your daily operations. Our professionals are at your disposal to ensure that your objectives are met.

Yours truly,

Pascal Gagné | CEO
